NeCTAR Survey

NeCTAR survey

NeCTAR is soon to issue a Request for Proposal (RFP) where groups will be invited to submit project proposals to create research infrastructure.

NeCTAR has issued this survey to help the research community connect with each other and help NeCTAR plan for the Request for Proposal.

If you are thinking of submitting a proposal, we encourage you to answer the questions below to help us learn more about you and help you to collaborate, share and network.

Your answers will have no impact, either positive or negative, on the formal RFP process.

1. Please tell us about yourself

Name

Email address

Organisation or
institution where you
are employed

Your position

2. Tell us about your proposal to NeCTAR

What is the project's
working title?

3. Which NeCTAR program does your proposal suit?

Virtual Laboratories

eResearch Tools

Research Cloud

National Server Program

4. Describe your NeCTAR project proposal? (250 words or less)

5. Identify the research communities that your proposal would support?**6. Please provide the Field of Research code (FOR codes) with relative weighting. To find a code go to: <http://www.arc.gov.au/applicants/codes.htm#FOR>****7. Describe the benefits to be delivered by your proposal?****8. Tell us a bit about the participating organisations?**

What is the name of the organisation expected to lead the proposal (and contract with the Lead Agent)?

Who are the other participating organisations?

Who are the participating eResearch capability partners: participating organisations expected to have established capability in the development and operation of eResearch infrastructure?

Would you welcome an approach from interested organisations?

9. Do you agree that NeCTAR may post your responses on the NeCTAR website? Where permission is granted, NeCTAR will publish responses to support collaboration and co-ordination.

Yes

No
